About Me

Aspiring Software Developer with a strong foundation in Core Java, Data Structures, and MySQL Database, along with knowledge in Artificial Intelligence and Data Science. Seeking an opportunity to apply my technical skills, collaborate with experienced professionals, and contribute to innovative software development projects

TECHNICAL SKILLS

- Java Programming
- Object-Oriented Programming
- MySQL Database
- HTML5 & CSS3
- JavaScript - DOM Manipulation
- React & Bootstrap
- Data Structures - Intermediate

SOFT SKILLS

- Problem Solving
- Adaptability
- Teamwork
- Communication

HOBBIES

- Participating in sports
- Travelling

EDUCATION

UNDERGRADUATE - ANNA UNIVERSITY

2021 - 2025

ADHI COLLEGE OF ENGINEERING AND TECHNOLOGY, KANCHIPURAM
B.Tech Artificial Intelligence & Data Science.

CGPA - 8.3

HIGHER SECONDARY CERTIFICATE

2020 - 2021

Government Higher Secondary School, Kunnathur
Percentage: **86.7%**

SECONDARY SCHOOL LEAVING CERTIFICATE

2019 - 2020

Government Higher Secondary School, Kunnathur
Percentage: **81%**

PROJECT

SUSTAINABLE PRODUCT MARKETPLACE - E-COMMERCE WEBSITE

- **Technologies:** HTML5, CSS3, Bootstrap, JavaScript (DOM Manipulation), React.js, MySQL
- Developed a fully responsive e-commerce website focused on promoting eco-friendly and sustainable products.
- Implemented interactive product listings, dynamic filtering, and a real-time shopping cart using JavaScript DOM Manipulation React.js
- Designed a clean, user-friendly interface using Bootstrap to ensure smooth navigation across all devices
- Integrated MySQL database to manage product inventory, user data, and orders.

RESTAURANT WEBSITE - FRONTEND DEVELOPMENT

- Designed and developed a responsive restaurant website showcasing menus, services, and contact information
- Created visually appealing layouts using HTML5 and CSS3 with Bootstrap for mobile-friendly design
- Implemented dynamic UI elements such as image sliders, menu filtering, and modal popups using JavaScript and DOM Manipulation

CERTIFICATIONS

- Acquired Frontend Web Development and Java masterclass skills through a specialized course on Udemy.
- Enhanced my programming skills by completing Java and C courses at Silicon Software Solutions.
